

BUILDINGS AND GROUNDS COMMITTEE MEETING

August 8, 2016 6:15 PM
HS CONFERENCE ROOM

1. Roll Call - Members present include: Bruce Scheer, Luanne Sundberg, Lynn Johnson, and Mike Dwyer.

2. Transportation Request - The committee met to complete the annual walk through and discussed a patron request for transportation to/from their daycare facility which is located within the city limits. The committee determined that facilitating such a request would obligate the district to expanded requests that could prove difficult and costly to manage.

RECOMMENDATION: The committee recommendation to the board of education will to maintain the current Policy 3520 which does not provide for transportation within the city limits.
