

Americanism/Education Evaluation Committee

March 07, 2016 4:45 PM

HS CONFERENCE ROOM

1. Roll Call - Members present include: Luanne Sundberg, Bruce Scheer, Aaron Pfingsten, and Lynn Johnson.

2. Discuss how to proceed with consideration of agriculture programming.

The committee attempted to define the purpose that is to be achieved relative to agricultural programming and what components are necessary to achieve this purpose. The committee reached consensus that the discussion going forward about an agriculture program is inclusive of a full opportunity that includes courses and a student organization. The committee reviewed the study that was done in April 2015 that indicates that we will periodically investigate the feasibility of an FFA program at AHS; examining all aspects of the program including student interest, co-op opportunities, financial accountability, and other academic offerings. With input from the committee, Aaron Pfingsten will distribute a survey to students and parents to gauge interest.

3. Adjourn at 5:30 p.m. with no future meeting date determined.
