

ARLINGTON FLOOD RELIEF FUND

The Arlington Community Fund has established a disaster relief fund in response to the recent flooding in the Arlington area. Since a number of federal, state and local relief agencies and organizations are available to help meet the needs of Arlington area flood victims, the Arlington Community Fund board members are working collectively with the Fremont Area Community Foundation and Fremont Area United Way to streamline access to these funding sources and employ the Arlington Flood Relief Fund to address gaps in funding wherever they emerge.
